

COVID SAFE PROCEDURES KEEPING YOU AND OUR TEAM SAFE.

During these challenging times, our priority is to continue to provide our clients with world-class custom glass solutions while offering peace of mind – knowing we are going above and beyond to protect all involved.

Our highly-skilled team are operating from our new facility at Moorabbin while our experienced installers are continuing to work on-site with some important changes.

All of our staff have received information and training on managing the risks of COVID-19 and have made some important changes to the way we work. These changes include:

- ✓ Washing hands often with hand sanitiser and using it between every job
- ✓ Each Team member will be wearing a Face Mask as per the recent Victorian Government Health and Human Services Instructions
- ✓ Covering your mouth with your elbow when coughing or sneezing
- ✓ Seeing a health care professional if you start to feel unwell
- ✓ Stay at home if you are sick
- ✓ Avoiding contact with others, including shaking hands, touching or hugging
- ✓ Maintain at least 1.5m distance between yourself & others
- ✓ Carry hand sanitiser in your vehicle and use it regularly
- ✓ Record keeping to ensure contact tracing is possible
- ✓ Regular cleaning & maintaining good hygiene standards.
- ✓ Review and monitor procedures
- ✓ Disinfect frequently touched surfaces
- ✓ Work remotely where possible.

If you'd like to know more about our COVID Safe Procedures, please call our friendly staff on **(03) 9557 2544** and we'd be happy to answer all your questions.
